Sir:

I, John G. McDonough as a sole inventor named in the application for letters patent for an improvement in System and Method for Selecting Sample Streams In Direct Sequence Spread Spectrum Communications, Serial No. 09/684,886, filed in the United States Patent and Trademark Office on or about the 6th day of October, 2000, declare that I reviewed and understand the contents of the specification, including the claims as amended by the following amendments:

Amendments filed: Amendment filed June 30, 2004; Amendment filed March 16, 2005;  
and Amendment 1.116 filed October 31, 2005.

That I believe that I am an original and first inventor of the claimed subject matter for which a patent is sought; that said subject matter, including the claims as amended, was part of my invention, and was invented before the filing of the original application, above identified, for such invention; and that I acknowledge my duty to disclose information of which I am aware which is material to the patentability of this application in accordance with Title 37, Code of Federal Regulations, Section 1.56.

I further declare that all statements herein made of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
